

WHEN TO MANAGE CREDIT CARD INFORMATION

## CARD NUMBER CHANGE

If you received a new credit card number from your bank, or a new card all together, you will want to update the card information.

### **EXPIRATION DATE CHANGE**

As you are issued new credit cards from your bank, you will want to update the expiration date stored on the site. If this information is not updated, it will cause your credit card to decline during checkout.

Gloso store has the functionality to store multiple credit card numbers to provide an easier checkout process.

#### ADDING A CREDIT CARD

If you don't have any saved credit card information, you will be prompted to Add a Credit Card number. Once completed filling in all fields, you will need to click "Submit". You are able to add multiple card numbers to your account to be used for an easier check-out process.
